FEES: A word about our fees and the industry. At Legal Funding Group (LFG) we work diligently to educate the client that even at the lowest rate possible, a non-recourse cash advance is expensive and should only be used as a last resort. Be aware that the Lawsuit Financing industry is full of part timers and very expensive advance operations. Some companies charge an automatic 100% of the advance amount; some charge 15% per month etc. Some even demand a portion of the settlement in addition to the advance amount and fees!

The ones that advertise low rates are simply adding larger front loaded one-time fees. For example, in place of a 10% origination fee – they will charge a 20% origination fee and knock off a ½ point on the monthly fees, hardly a bargain. In other cases they are doubling up on application fees.

Make sure that the funding company you select is experienced and actually capable of delivery of Lawsuit Financing. Many times less experienced companies will bog the attorney down with request and never deliver. Some even take the case information in and then go looking for funding.

Approximately 70% of our funding requests are attorney referrals and we fund 100+ cases monthly. For more information on our service visit. www.legalfundinggroup.com

Our fee structure includes a flat one-time application fee that ranges from \$250.00 - \$350.00. A one-time origination fee of 10% of the gross funding amount, and our monthly compounding fees range from 3.0% to 6.0%. The client is never required to pay any upfront out of pocket fees. And of course all of our advances are non-recourse. If your client is seeking a larger advance, we encourage monthly draw downs to save on monthly fees. We find that everyone’s needs are different. Please fee to call us toll free at (877) 457-7771 - 8:00 A.M. – 5:00 P.M. CST should you have questions.
